IV. Plan Review Required

Plans must be submitted with an Application for Plan Examination and the appropriate deposit before a permit can be issued, except as listed below.

Plans are not required for the following:

1. When the electrical system rating does not exceed 400 amps and the building is not over 3,500 square feet in area.
2. Work completed by a governmental subdivision or state agency costing less than 15,000.

What is the rating of the service or feeder in ampere? _____

What is the building size in square footage? _____

Plans are required for all other building types and shall be prepared by or under the direct supervision of an architect or engineer licensed pursuant to 1980 PA 299 and shall bear that architect's or engineer's seal and signature on each page.

V. Applicant Signature

Section 23a of the state construction code act of 1972, 1972 PA230, MCL 125.1523A, prohibits a person from conspiring to circumvent the licensing requirements of this state relating to persons who are to perform work on a residential building or a residential structure. Violators of section 23a are subject to civil fines.

Signature of Licensee or Homeowner (Homeowner must fill out Section VI)	Print Name	Date
-------------------------------------------------------------------------	------------	------

VI. Homeowner Affidavit & Signature

I hereby certify the electrical work described on this permit application shall be installed **by myself in my own home in which I am living or about to occupy**. All work shall be installed in accordance with the State Electrical Code and **shall not be enclosed, covered up, or put into operation until it has been inspected and approved**. I will cooperate with the Clinton Township Electrical Inspector and assume the responsibility to arrange for necessary inspections.

TOTAL FEES

***BRIEF DESCRIPTION OF WORK:**

Please Note: Only one final inspection is permitted per application providing all permit items are complete and ready for inspection when final inspection is scheduled. Re-inspection fees will be due should this not be the case.

GENERAL: Electrical work shall not be started until the application for permit has been filed with and approved by the Clinton Township Building Department. All installations shall be in conformance with the State Electrical Code. **No work shall be concealed until it has been inspected.**

EXPIRATION OF PERMIT: A permit remains valid as long as work is progressing and inspections are requested and conducted. A permit shall become invalid if the authorized work is not commenced within 180 days after issuance of the permit or if the authorized work is suspended or abandoned for a period of 180 days after the time of commencing work. **A PERMIT WILL BE CANCELLED WHEN NO INSPECTIONS ARE REQUESTED AND CONDUCTED WITHIN 180 DAYS OF THE DATE OF ISSUANCE OR THE DATE OF PREVIOUS INSPECTION. CANCELLED PERMITS CANNOT BE REFUNDED OR REINSTATED.**
